

CLEAN SET OF NEW CLAIMS IN COMPLIANCE WITH 37 C.F.R. 1.121

1. A method of playing a wagering game, comprising:
Providing one or more decks of standard playing cards;
A player placing a first wager on a first game segment against a dealer;
A dealer dealing one card to each player and a same number of cards to the dealer,
forming player and dealer hands;
Resolving the first wager by comparing a total point value of the player and dealer hands,
and awarding a payout to the player if the player hand beats the dealer hand;
b1
A player placing a second wager on a second game segment;
A dealer dealing additional cards to each player, a total number of cards held by each
player and the dealer when combined with the previously dealt cards not to exceed
six to participate in a second game against the dealer, wherein the second game is
selected from the group consisting of blackjack and baccarat;
Resolving the second wager using standard rules of the selected second game;
A player placing a third wager on a third game segment;
A dealer dealing only each player additional cards, if any, so that all players hold six
cards;
Resolving the third wager by comparing each player's hand to a pay table; and
Awarding a payout to the players holding predetermined winning hands according to the
pay table, wherein the third game segment is poker.

21. A method of playing a three segment wagering game comprising the steps of:
b2
A player placing three wagers to participate in three sequentially played game
segments;
A dealer dealing a first card to each player and to the dealer and paying the player
when a rank of the player's card exceeds a rank of the dealer card;
A dealer dealing at least one additional card to each player and the dealer, and
